TC ESKİŞEHİR OSMANGAZİ UNIVERSITY FACULTY OF AGRICULTURE DEPARTMENT OF HORTICULTURE

2024 - 2025 SPRING SEMESTER GRADUATE COURSE PROGRAM

			25 SPRING SEMESTER GRADUATE COURSE PROGRAM		
DAY	HOUR	Classroom 1	Classroom 2	Classroom 3	Classroom 4
	08:00-				
	09:00-				
M	10:00-	Scientific Research Methods and Ethics (B)			
O	11:00-	Scientific Research Methods and Ethics (B)			
Ň	12:00-	Scientific Research Methods and Ethics (B)			
D	13:00-				
	14:00-				
A	15:00-				
Y	16:00-				
	17:00-				
	18:00				
	08:00-				
T	09:00-	Indoor Ornamental Plants	Advanced Training and Pruning Systems in Horticulture		
Ü	10:00-	Indoor Ornamental Plants	Advanced Training and Pruning Systems in Horticulture	Grapevine Physiology	Dormancy Physiology in Horticultural Plants
E	11:00-	Indoor Ornamental Plants	Advanced Training and Pruning Systems in Horticulture	Grapevine Physiology	Dormancy Physiology in Horticultural Plants
	12:00-			Grapevine Physiology	Dormancy Physiology in Horticultural Plants
S	13:00-	Basic Laboratory Techniques in Horticulture			
D	14:00-	Basic Laboratory Techniques in Horticulture			
A	15:00-	Basic Laboratory Techniques in Horticulture	Postharvest Physiology of Horticultural Crops		
Y	16:00-		Postharvest Physiology of Horticultural Crops		
	17:00		Postharvest Physiology of Horticultural Crops		
	08:00-		, ,,		
W	09:00-	Seed Coating Techniques in Vegetable Growing	Growth Regulating Substances in Plants		
E	10:00-	Seed Coating Techniques in Vegetable Growing	Growth Regulating Substances in Plants		
D	11:00-	Seed Coating Techniques in Vegetable Growing	Growth Regulating Substances in Plants		
N	12:00-	out out in a comment of the comment			
E	13:00-	Ecological, Biological and Physiological Principles of Horticulture			
S	14:00-	Ecological, Biological and Physiological Principles of Horticulture			
D	15:00-	Ecological, Biological and Physiological Principles of Horticulture			
A	16:00-				
Y	17:00-				
	18:00-				
	08:00-				
	09:00-	Soilless Cultivation Techniques in Horticulture	Rootstock Use and Breeding in Plants	Intensive Fruit Farming	
T	10:00-	Soilless Cultivation Techniques in Horticulture	Rootstock Use and Breeding in Plants	Intensive Fruit Farming	
H	11:00-	Soilless Cultivation Techniques in Horticulture	Rootstock Use and Breeding in Plants	Intensive Fruit Farming	
U	12:00-	•			
	13:00-				
R	14:00-				
S	15:00-				
D	16:00-	Importance of Horticulture in Global Climate Change			
A	17:00-	Importance of Horticulture in Global Climate Change			
Y	18:00-	Importance of Horticulture in Global Climate Change			
	19:00-				
	08:00-				
	09:00-				
F	10:00-				
R	11:00-				
I	12:00-				
D	13:00-				·
A	14:00-				
Y	15:00-				
1	16:00-				
	17:00-
